Question 1: Were AI tools used in the preparation of this thesis?

- ☐ No
- ☐ Yes → please answer Question 2

Question 2 (only if “Yes”): For what purposes were AI tools used?

- ☐ Exclusively for correcting spelling and grammar

Even in this case, please briefly indicate in this text field which tool you used and how you proceeded:

- ☐ Also for further purposes (e.g. translation, structuring, summarising, image or code generation, support with analysis; see the List of AI Tools in the appendix)

1. List of AI Tools and AI Output Review (to be included as an appendix in the thesis)

The following documents the AI tools used in this thesis and their respective purposes. For each use, it also describes how the generated output was reviewed, critically assessed and, where necessary, revised.

AI tool (tool, module/model, provider)	Use (for what?)	Parts of the thesis affected	Notes (e.g. prompt, date) (z.	AI output review (how verified?)
