

Master in Communication Science Course Registration Guide SS2025

For the **Summer Semester 2025**, you will have to register for the following courses:

- 220043 SE Advanced Data Analysis 1 (2025S)
- 220050 SE Advanced Data Analysis 2 (2025S)
- for **2 out of the 3** research seminars offered as a part of
 - 220057 SE Research Project A (2025S) and
 - 220058 SE Research Project B (2025S).

**** For more specific information on registration for the research seminars, please see the last part of this registration guide. ****

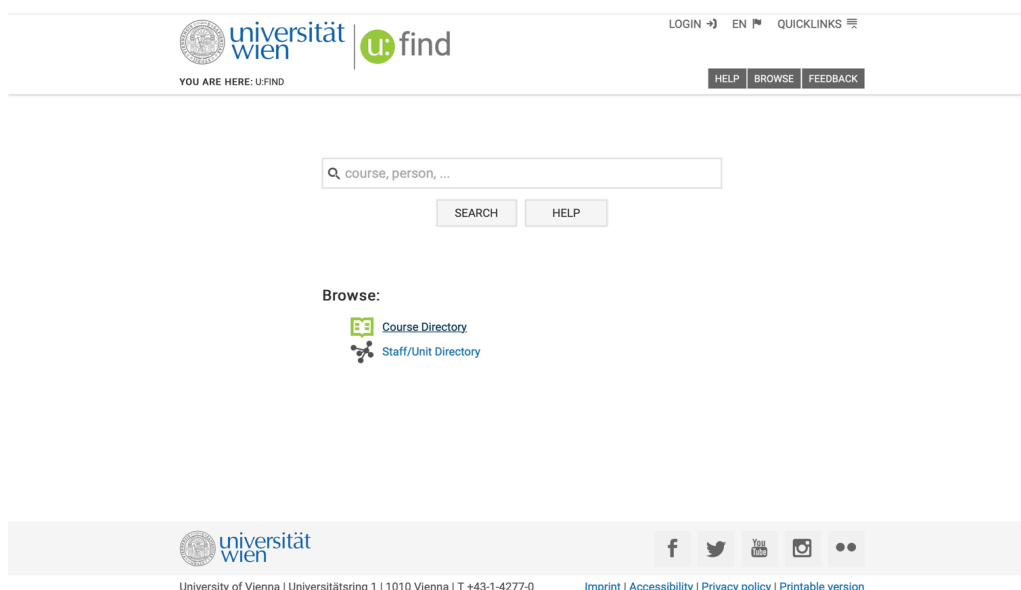

These SE courses have a registration period. That is, from **Mo 24.02.2025 09:00** to **We 26.02.2025 18:00**. A deregistration is possible until **We 26.02.2025 18:00**.

The time of your registration within the registration period has no effect on the allocation of places - that means to say, there is no “first come, first served”.

The following screenshots show the process of registering for a VO course. For registering for the other types of courses you may proceed in the same manner, however you will have to allocate points/preferences. Note that in this program all students will be let into the UE and SE courses, when registered. Therefore, your registration for such courses will not be hindered, even if the amount of points allocated for this purpose is quite low. This means that a lack of points for a specific course will not lead to not being registered for the same ;)

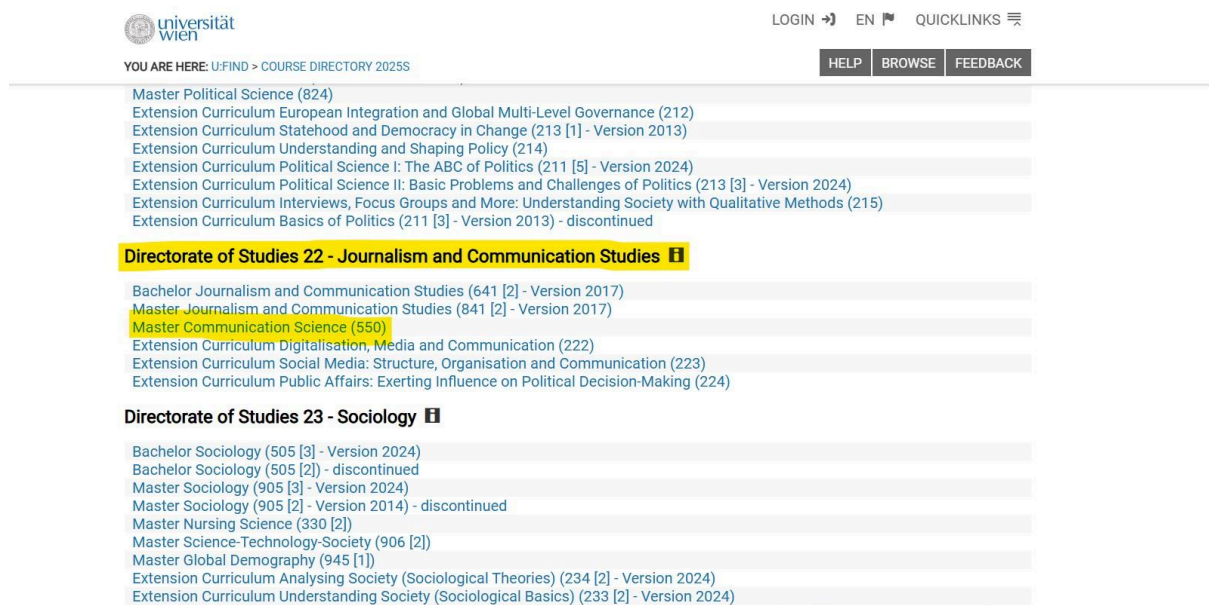

Click on **“Register”** to complete the registration. As soon as the registration period has ended, the system will allocate the places on the courses and the status of your registration will be updated in **u:space** and you will receive an information e-mail on your u:account email address.

Step 1: Go to <https://ufind.univie.ac.at/en/index.html> and click on **Course Directory**.

The screenshot shows the u:find website interface. At the top, there is a header with the University of Vienna logo, the text "universität wien", and the "u: find" logo. To the right of the header are links for "LOGIN", "EN", and "QUICKLINKS". Below the header, there is a navigation bar with "YOU ARE HERE: U: FIND" and buttons for "HELP", "BROWSE", and "FEEDBACK". The main content area features a search bar with the placeholder text "Q course, person, ...". Below the search bar are "SEARCH" and "HELP" buttons. Underneath the search bar, there is a "Browse:" section with two links: "Course Directory" (with a green icon) and "Staff/Unit Directory" (with a blue icon). At the bottom of the page, there is a footer with the University of Vienna logo, the text "University of Vienna | Universitätsring 1 | 1010 Vienna | T +43-1-4277-0", and social media icons for Facebook, Twitter, YouTube, and Instagram. To the right of the social media icons are links for "Imprint", "Accessibility", "Privacy policy", and "Printable version".

Step 2: Find your Masters' Program under **Directorate of Studies 22-Journalism and Communication Studies: Master Communication Science (550)**.

Allocation

Please select for which degree programme you would like to allocate this course. If you would like to allocate the course to an extension curriculum, select this within your degree programme. If your respective extension curriculum is not yet available in the list below, you must first register it at [Extension curricula](#).

Degree programme:

UA 550 Communication Science - Master degree programme

Register

[Registration overview](#)

[+ zum Seitenanfang](#)

Studies	Courses	Graduation	Financial matters	Personal matters	Help & Information
Study overview	Registration overview	Graduation from a	Tuition fee/Students' Union	Personal data	u:space at a glance
Examination results	Points and preferences	bachelor's programme	fee	My documents	Portal News
Record of examinations	overview		Performance scholarships	My u:card	Videos

Graduation ceremony					Room information

**** Since the registration has not opened yet, the above screenshot is only an example from a previous academic year 🤔👉 ****

Step 6: After the registration period has ended, you will be able to see all the courses that you have registered for on **u:space** (<https://uspace.univie.ac.at/en/>) under **Courses** > **Registration overview**.

The screenshot shows the u:space Studium interface. At the top, there's a blue header with the University of Vienna logo and the text 'u:space Studium'. Below the header, there's a navigation bar with tabs: 'Studies', 'Courses' (selected), 'Graduation', 'Financial matters', 'Personal matters', and 'Help & Information'. A dropdown menu for 'Courses' is open, showing options: 'Registration overview' (highlighted), 'Points and preferences overview', 'Semester planner', and 'Extension curricula'. The main content area is titled 'Registration overview' and contains text explaining that this overview shows all courses and exams for which the user has already registered. It also includes a link to 'Further information about the course and registration system'. Below this, there's a search section with a 'Full-text-search' field, a 'Status' dropdown, and a 'Course type' dropdown. There are 'Search' and 'Reset search' buttons. At the bottom, there's a section for the current academic year, '2023W'.

As already mentioned on the first page of this guide, the last part of this guide will refer only to the **Research Seminar registration(s)** ✓

Let us now go back to **u:find**, to register yourself for the research seminars...

Warning! The directory is not yet complete and will be amended until the beginning of the term.

REPRO1 Research Projekts 1 (20 ECTS)

220057 SE en SE Research Project A
220058 SE en SE Research Project B

Last modified: Mo 10.02.2025 14:54

As mentioned previously, you will have to register for **2 out of the 3** research seminars found in

- [220057 SE Research Project A \(2024S\)](#)
- [220058 SE Research Project B \(2024S\)](#).

To explain now more closely, how the research seminar registration works, let us have a look at each one of these SE Research Projects found in **u:find**.

If you click on [220057 SE Research Project A](#), you will find two options...

220057 SE SE Research Project A (2025S)

10.00 ECTS (2.00 SWS), SPL 22 - Publizistik- und Kommunikationswissenschaft
Continuous assessment of course work

Summary

1 Hanusch	Tu 11.03. 13:15-16:15	Seminarraum 4, Währinger Straße 29 1.UG
2 Sarikakis	Th 13.03. 15:00-16:30	Seminarraum 10. Währinger Straße 29 2.OG

That is, Group 1 and Group 2 taught by [Folker Hanusch](#) and [Katherine Sarikakis](#) respectively.

Now, if you click on [220058 SE Research Project B](#), you will find only one option taught by [Sofie Vranken](#).

220058 SE SE Research Project B (2025S)

10.00 ECTS (2.00 SWS), SPL 22 - Publizistik- und Kommunikationswissenschaft
Continuous assessment of course work

[Moodle](#) Mo 10.03. 09:45-12:45 Seminarraum 2, Währinger Straße 29 1.UG

Registration/Deregistration

Note: The time of your registration within the registration period has no effect on the allocation of places (no first come, first served).

- Registration is open from **Mo 24.02.2025 09:00** to **We 26.02.2025 18:00**
- Deregistration possible until **We 26.02.2025 18:00**

Details

max. 30 participants
Language: English

Lecturers

- [Sofie Vranken](#)

**** Out of these three options, you only need to choose two of them. ****

For example, you might want to choose both research seminars found under [220057 SE Research Project A](#).

Another option would be to choose one research seminar from [220057 SE Research Project A](#) and the option found under [220058 SE Research Project B](#).

Remember – your final choice must definitely consist of the 2 research seminars, which align best with your academic interests! 🎉

In addition, for each of the research seminars you choose, you will be asked to ascribe them to the proper module.

According to the curriculum of your studies, the **final module structure** should look as follows:

SE Research Project A, Teil 1, 10 ECTS, 2 SSt (pi) SE Research Project B, Teil 1, 10 ECTS, 2 SSt (pi)
--

This means, that the one seminar you chose needs to be registered as “SE Research Project A, Part 1” and the other as “SE Research Project B, Part 1”.

In any case, you are going to receive proper instructions by **u:find** during your registration process 😊

Last but not least

For more thorough information on [Registration for courses and examinations](#), you may also want to read the instructions on: <https://studieren.univie.ac.at/en/semester-planning/registration-for-coursesexaminations/>

Wish you all the best for the upcoming academic semester!

Your Administration Team
